## 1944 Prices and Varieties

All other prices and varieties  
are obsolete

In compliance with the Govern-  
ment paper shortage ruling, I  
am again asking you to use my  
1942 catalog for the DESCRIP-  
TION of the lilies. Use this 1944  
leaflet for the prices and the  
varieties. All other prices and  
varieties are null and void.

To avoid duplication of labor, Mr. Edgar L. Kline of Lake Grove, Oregon, is furnishing the bulbs. I  
am taking care of the office and shipping for both his customers and my own. Please send all orders  
to my address:

**JULIA E. CLARK**  
**ROUTE, 1, BOX 328**  
**CANBY, OREGON**

I repeat what I have been urging upon you for the past two years; many varieties are entirely sold  
out—we have a very limited supply of other varieties—and still other varieties in only small sizes. It  
takes years to grow lilies. Place your order early, please. We file our orders as we receive them, and  
ship accordingly. All bulbs are shipped in the fall, at the time the bulbs are ready. I sell retail only.

### PLEASE NOTE

For all orders of \$150.00 you may deduct 5%

For all orders of \$250.00 you may deduct 10%

For all orders of \$350.00 you may deduct 15%

I will prepay all orders of \$5.00 and up in United States.

For orders less than \$5.00, kindly add 50c

Otherwise your order will be sent postage collect

Please do not send any orders for less than \$2.00

Seeds an exceptions to above—all seeds sent prepaid

**3 Bulbs three times the price of "each" bulb.**

**50 Bulbs 1/2 the price of 100 bulbs.**

**AURATUM** (This is the "Golden-banded" or "Golden  
rayed" lily family.) These bulbs are shipped the last  
of November.

Plant immediately 6 to 9 inches below ground in ordi-  
nary soil leaning slightly towards the acid side, where  
no water stands close to the bulb or roots. Open soils;  
sand, leaf-mold and bone-meal; slight shade in the heat  
of the day. No lime and no chemicals that might burn  
the roots. Frozen ground will not hurt them. Sweetly  
scented. Bloom Aug.-Sept.

### AURATUM (The usual Gold-Band)

Large white bowl-shaped flowers with central band  
of gold.

	Each	6	12	25	100
5-6 In. Cir.....	\$1.05	\$6.05	\$11.80	\$23.20	\$ 91.60
6-7 In. Cir.....	1.15	6.60	12.90	25.40	100.40
7-8 In. Cir.....	1.35	7.80	15.30	30.25	

### AURATUM—SELECTED STOCK

Superior to the above in size, form and color.

6-7 In. Cir..... Each, \$2.60      Six, \$15.25

### AURATUM EXTRA SELECT STOCK

The very finest selection of Auratums, exception to  
none other than the Esperanza named varieties.

6-7 In. Cir..... Each, \$13.00

## LILIES

Kindly send cash with your order.

### AURATUM—Early Variety

Blooms two to three weeks earlier than the other  
Auratums.

6-8 In. Cir..... Each \$3.00

### AURATUM PICTUM—Heavily spotted with crimson, the tip of the gold band crimson flushed.

6-8 In. Cir..... Each, \$4.00

### AURATUM RUBRO VITTATUM—Broad crimson band through each segment and numerous crimson spots.

6-7 In. Cir..... Each, \$13.00

### AURATUM PLATYPHYLLUM—The blossom is white, crimson spotted, with a central band of gold on each petal. Flowers larger than the "Usual Gold Band".

4-6 In Cir..... \$1.25   \$7.25   \$14.20   \$28.00

6-8 In Cir..... 1.65   9.60   18.90

**AURATUM ESPERANZA**—Named selection. These are  
especially selected named seedlings of this variety.  
They are wonderful—some of the flowers are eleven  
inches across with beautiful markings and colorings.  
Only two to five bulbs to offer of each selection. These  
range in price from \$15.00 to \$125.00 each. Please  
write me if you are interested in these.

## LILIES—Continued

### ESPECIALLY SELECTED SEEDLINGS OF T. A. HAVEMEYER

(See page 30, my 1942 catalog for planting instructions)

T. A. Havemeyer is a cross of Sulphureum and Henryi, and these seedlings propagated by Mr. Kline, have the common trait of easy culture, robust handsome plants flowering in either sun or partial shade, apparently resistant to the common lily diseases, while the lovely, striking colors of these lilies make them cut flowers it would be difficult to equal. I'm delighted that I can be the first to put them on the market.

There are six varieties—any one of them \$25.00 per bulb.

One lovely characteristic of all these varieties is that the base is lettuce green, and the anthers cinnamon brown.

**PAULINA KLINE (15 bulbs).** Majolica yellow shading to saffron yellow, flecked at base of petals oxblood red—back of petals lettuce green. Flower 5½ inches (expanded 8 inches), Height 6 feet.

**MABEL B. RONNA (5 bulbs).** Majolica yellow, stained lemon yellow, flecking oxblood red. Flower 5 inches. Height 8 feet. Very erect.

**WILLIAM BATES (6 bulbs).** Light tangerine orange shading to ivory. Flower 5 inches fully open, slightly recurved. Height 5 feet.

**G. V. SHAW (10 bulbs).** Egyptian buff shading to ivory. Flower size 5 inches fully open, slightly recurved, height 5 feet.

**EDMUND L. KAGY (6 bulbs).** Persimmon orange, light flecking oxblood red. Flower size 8 inches flat, recurved at tips. Height 6 feet, very erect.

**IDA JANE CALIFF (5 bulbs).** Majolica yellow, flecked border one half way to tips, oxblood red. Flower 4½ inches, recurved. Height 3 feet.

**CAROLINIANUM (Michaux).** Swamp lily of southeastern United States. Fragrant reflexed bright orange-red with purple spots and white throat. 1½ to 3½ Ft. Plant very moist well drained situation, lime free soil. Blooms July-August.

	Each	6	12	25	100
1st size .....	.65	3.70	7.10	13.80	54.00

**DAURICUM Wadai**—Lovely large upright light apricot flowers, heavily spotted with mahogany. Early June flowering. Ht. 1½ to 2 Ft. Same culture as other Dauricums.

Flowering .....	.45	2.50	4.70	9.00	34.80
-----------------	-----	------	------	------	-------

**MEDEOLOIDES**—"Wheel Lily", lovely for rock gardens. Flowers apricot to scarlet. Height 12 to 18 inches, July flowering. Sharp drainage, abundance of leaf mold.

Flowering .....	.55	3.10	5.90	11.40	44.40
-----------------	-----	------	------	-------	-------

**PETER PUGET**—Cross between Pardalinum and Parryi. Flowers dull light green with recurving capucine yellow segments, red tips, black spotted base. Ht. 4-5 Ft. Blooms June.

Flowering .....	2.05	12.00	23.70	
-----------------	------	-------	-------	--

**POLYPHYLLUM**—A rare but charmingly fragrant, bell shaped, slightly reflexed lily. Outside dull yellow, inside creamy white, spotted and streaked with lilac. More difficult to grow than some of the lilies as it requires woodland soil, shaded among rhododendrons and ferns with no southern exposure, and deep planting. Ht. 4 Ft. Blooms June.

Flowering .....	4.00	
-----------------	------	--

**PRIDE OF CHARLOTTE**—Cross of Regal and Sargentiae. Blooms much later than Regal and produces stem bulblets. White trumpet, suffused with sulphur—without stained light purple. Hardy, vigorous variety. 4 to 5 Ft.—July blooming.

Flowering .....	1.25	7.25	14.20	28.00
-----------------	------	------	-------	-------

**SPIT FIRE**—Face upward vase-shaped lily. Flame scarlet with medium sized bay spots. Ht. 3 to 4 Ft. Late June.

Flowering .....	4.00	
-----------------	------	--

**ST. NICHOLAS**—Cross Martagon album and Hansonii. Flowers recurved, buttercup-yellow with few black spots. Partial shade, 3 to 5 Ft. June.

Flowering .....	6.00	
-----------------	------	--

**SUTTON COURT**—Yellow, heavily spotted purple, outer segments shaded pink. Blooms June-July. Ht. 5 to 6 Ft.

Flowering .....	6.00	
-----------------	------	--

If you would like a **Testaceum** included with this collection, please add \$1.00.

**"MY CHOICE" COLLECTION**

Leave the choice entirely to me and I will give you \$6.00 worth of bulbs and plants for your remittance of \$5.00.

or

Leave the choice entirely to me and I will give you \$11.50 worth of bulbs and plants for your remittance of \$10.00.

If you wish, you may mark below your preference, and I will be guided by it as nearly as I can :

1. I prefer mostly white lilies;
2. I prefer mostly red lilies;
3. I prefer various colors.

**\$4.00 — HEMEROCALLIS COLLECTION — \$4.00**

10 Hemerocallis of my own choosing.

Some of my varieties have been sold too close to risk listing them, but I can give them to you in this collection. They will all be labeled.

**HEMEROCALLIS Fulva Rosea Clon Rosalind**

If you would like this Hemerocallis included with the above, please add \$2.00.
